*Vaastoshpatey pratijanihyasmaan

Yatvemahi prati tanno jushsav sham no
bhav dwipadey sham chatushpadey.*

-Rigveda

The entire course will take you towards real life; you will learn many things apart from vaastu, which will show you the right path towards life.

Learning occult science requires patience, dedication, belief and trust in your teacher.

When I started my journey two decades ago under the influence of my guru, Dr. P.R. Rao I put my life in his hands and with his blessings I

learnt this science through a Guru-Shishya parampara.

First of all I would like to say to the people here who want to learn this science and practice it for long; I'll try to transfer all the knowledge I have. I wish that you adopt it very well, imbibe its principles and have a long and successful journey ahead.

May God Bless You ...!!!
